The Details of the Vedic Birth Chart[Janma Kundali] of:
www.Hinduworldastrology.net

Asdt [Lagna]: Sagittarius Asdt [Dhanur Lagna]

MEP [Most Effective Point] = 20° at 2:11pm.

POB=Chennai.

TOB=2:11pm.

Day=September 11th, 2006.

Nakshatra= Bharani in Aries,

Design of this Vedic Chart was done using the Systems Approach [SA],
founded by Prof. V. K. Choudhry.

During the four mts: 2:11pm to 2:16pm, the Sagittarius Asdt D24 DC,
called the Chaturvimshamsha, remains invariant. Ju is strongly placed
in its own MTS-Sagittarius. During the Ra Dasa, scheduled to start in
2047, the D24 DC would get afflicted.

The Navamsha DC has Libra Asdt with the Ju Blessing the Asdt H and
the Mo. The Asdt Lord Ve is however afflicted by Ra-Ke.

In these last nearly 9 years, the Website has served as a centre for the
dissemination of Vedic Astrological knowledge and for Vedic
astrological services.
