

## **Vedic Astrology(Jyotisha) Course in the Parashara System**

**“I am Anil Gattani**, a structural engineer residing in Mumbai, 60 years of age. I had an astro-spiritual calling around 10 years back and found solace under guidance from Guruji Sankara Bhagavadpada. I took his course in Vedic astrology through the Systems Approach[SA] method.

“Since last two years he took us with him on a knowledge cum exploration trip of decoding **BPHS Vols 1 & 2** , a systematic approach to Vedic Astrology Parashara way. He took the course completely free and overall took 80 lessons which he prepared with great precision. We all received these pdf documents along with recorded lectures of around 75 to 90 mins duration. Classes were aptly spaced , once in a week so that it became easy to absorb the Sutras and philosophy taught therein.

“He has a unique style of teaching. He is very hardworking, meticulous, systematic and with in-depth knowledge. He prepares the class notes in such a way - which is nowhere to be seen. He discusses the horoscope in such depth and with fundamental principles that learning becomes easy. He is also a taskmaster and does not spoon feed the student. He makes students think, discuss and analyze, thus making them evolve and grow. He is available 24/7 to his students through email. He promptly replies to all emails and solves their queries or dilemmas.

“We covered all the topics from fundamentals of describing characteristic of Planets. What the Signs signify and what the Houses gives us. We covered Longevity, Career, Finance, Health, Education, Progeny, Litigation, Marriage, Divorce, Match making. Also we dealt with **Jaimini system, Ashtakvarga**, various types of Lagnas like **Arudha Lagna, Hora Lagna, Bhava Lagna** etc. We also went into Divisional Chart analysis which is going into depth of that part of life like for career D10 Div Chart, D20 Div Chart for spiritual (Bhakti Yoga), D6 Div Chart for health etc.

“Overall I found the entire journey with Guruji quite satisfying and fruitful. He proved to be like a life coach”.
