“I have been consulting with Dr. Sankara Bhagavadpada for many years now.

“For a novice like me, initially, it was quite challenging to understand the astrological details that Dr. Sankara Bhagavadpada provided, such as what the different houses stand for, & the impact of different Planets on each of them, etc. Dr. Sankara Bhagavadpada was very patient with me in explaining & clarifying various questions and details. I truly appreciate the additional reading material he provided to me, so I can better understand his astrological predictions.

“The astrological insights helped me to understand how the various Planets & Energies influence my life & my relationships with my family, my work-life, and my health for the current period - Varshaphal. ‘Divine Conspiracy, ‘the Wrath of the Divine’’ are the terms that Dr. Sankara Bhagavadpada uses when malefic things happen at a certain time since certain events are meant to happen at a certain time period due to the mentioned astrological significance of the ‘Divine Conspiracy’. I have learned the importance of understanding the influence of Saturn, Rahu & Ketu and the impact that they have on our lives when it is their Dasha/time period. I feel having this knowledge of astrological consultation has enabled me to connect to the Divine presence and the path that has been charted for each of us. Dr. Sankara Bhagavadpada’s clarification has also helped me to better understand my husband & my daughter. I am deeply grateful to Dr. Sankara Bhagavadpada’s insight, patience & guidance. Thank you very much, Guruji.”
